About Maxshine

We Maxshine is a professional manufacturer who specialized in long throw dual action polisher and auto detailing products for more than 16 years. Maxshine has become one of the most popular cars detailing brand more than 50 countries and regions in the world. The main reason our brand expanded so fast is we dedicated all our efforts and enthusiasm to the car detailing. This sincere heart for detailing will never change no matter what happens. Innovation is the first drive for the development. Our products will always keep the path with the world latest technology to bring you the best experience in your detailing time.

Maxshine always upholds the concept of offering the high-quality products and best customer service which means you will enjoy your purchase experience from the beginning and the warranty we provide can ensure the quality of our after sale service. We believe your car will be totally different after using auto detailing products from Maxshine. You will be satisfied with your car after detailing with Maxshine auto detailing products. With high-quality materials, exquisite design and succinct style, Maxshine will bring you the excellent experience of detailing. Maxshine is devoted to researching and developing the best and most cost-effective dual action polisher all these years.

In 2019, Maxshine would like to develop more innovation products. Meanwhile Maxshine would like to control better quality for cleaning clay products & snow foam lance for our customers. we decided to enter into a joined-venture partnership, and become to be shareholders for these two suppliers in China. We are confident that upcoming partners and customers of Maxshine will enjoy similar success, and Maxshine will be worldwide famous brand.

We promise we will never stop making progress and being more professional in detailing.

Maxshine – Devoted To Detailing

- Bristle-like fibers reach deep to remove the toughest of stains
- Perfect for leather, vinyl, soft plastics, and upholstery

Soft microfibers will apply an even coat of protectant

FOAM POLISHING PAD

Maxshine foam polishing pads are professional designed for the restoration on painted surface and the daily maintenance. The entire series adopt the high quality polyester sponge made in Europe, which possess the advantage of excellent tensile strength and durability, and the service life of which is several times longer than that of the ordinary sponge. You can select out the appropriate hard or soft foam pad according to the process and the polish/wax being used, and make the most ideal gloss finish on the surface.

WOOL POLISHING PAD

Knitted wool pads offered by Maxshine are of 100% wool content, the customized manufacturing technics produces the material in consistant fiber thickness, nap-height and density, less linting, ensure the pad in uniform quality, unlike the variances that can occur with some natural sheepskin pads. Premium performance on abrasive action and heat-resistance. Working with high-cut wax to aggressively remove scratches and oxid, reduces the swirls and leaves a gloss finish.
Style Options: 1. Bevel Edge (Popular) 2. Straight Edge

CLAY PRODUCTS SERIES

Maxshine Clay has become a really popular component to car enthusiast's culture, as it removes the increasing damage being done to the finishes of today's vehicle due to harsh pollutants that burn right through conventional protectants. Invisible pollutants such as industrial fallout, car exhaust and oxidation from acid rain, along with visible impurities like road tar, tree sap and insect residue, can irreversibly damage a new finish in a few short years.

MINI HANDHELD DRYER

- The efficient 1.5HP motor increases air temperature, up to 25 degrees above ambient temperature, which provides faster drying
- It's filtered air is ideal for delicate surfaces like paint, chrome, and plastics
- The ergonomic handle optimizes reaching every area in any orientation
- Perfect for removing water out of all the hard-to-reach places like grilles, bumpers, vents, and wheels
- More efficient and powerful, while remaining light weight

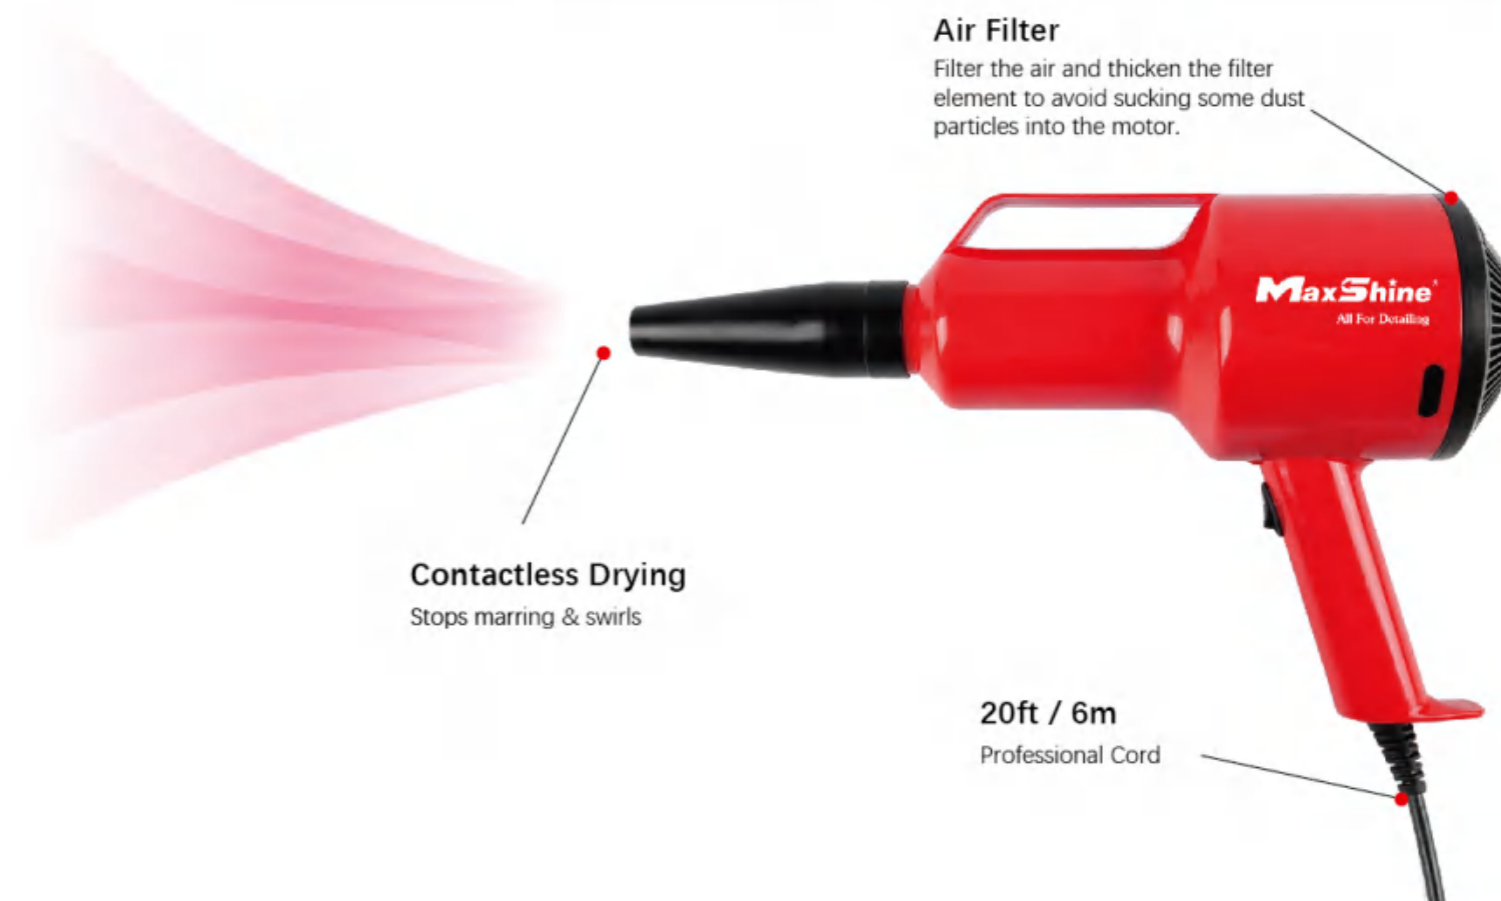

Mini Handheld Dryer may be light and compact, but it packs a big punch. Ideal for safely and easily drying every bit of a vehicle, it comes with a handy 20ft/ 6M Cord and a choice of 2 nozzles to suit any job.

ITEM NO.	Power	Volume	Cord Length	Rated Frequency	Horsepower

MULTI-FUNCTIONAL HOLDER

Mini Handheld Dryer Wall Holder

ITEM NO. MS-PH00

Size: 12 x 3 x 4.5in

Color: Black

Material: Iron

Features:

Universal Style: The modern design adds the look of luxury to any garage or shop wall

Durable: Constructed of high-quality carbon steel, with exquisite finishing. Sleek, waterproof, and very convenient, this holder keeps your handheld dryer well organized.

Mounting instructions with included hardware:

1. Determine desired location where you wish to install the Mini Handheld Dryer Wall Holder.
2. Using a level, make sure that the holder is flat and level against the wall.
3. Accurately mark the 2 anchor-hole locations with a pen or pencil and drill pilot holes.
4. Insert wall anchors and screws, tighten most of the way leaving a slight gap
5. Attach the Holder by lining up the keyholes and the screws, slide down to lock in place.
6. Tighten screws to secure the Handheld Dryer Wall Holder.
